About the Conference

The International conference on Shaping Viksit Bharat@2047: Resilient future through, Innovation, Sustainability and Inclusivity organized by IMS Ghaziabad, serves as a landmark event for leaders, innovators, policymakers, and researchers to collaboratively envision and advance India's pathway to becoming a developed, resilient, and inclusive nation.

With a focus on the pillars of innovation, inclusivity and sustainability, this conference aims at exploring actionable solutions to address India's most pressing socio-economic and environmental challenges, aligning with the nation's aspirations for holistic development by 2047. Inclusivity is a cornerstone of India's growth story, aiming to bridge the socioeconomic gaps and empower all communities, especially sidelined and underserved populations. The conference will feature discussions on equitable access to education, economic empowerment, and digital and financial inclusion, ensuring that every individual has the resources, skills, and support to participate meaningfully in the economy and community.

By highlighting the practices around social equity and economic empowerment, the event underscores the importance of inclusive growth to achieve a balanced, prosperous society. Innovation is another critical theme, underscoring the need for creative, community-driven, and technology-

enabled solutions to address social and economic challenges. Sustainable development aims at encouraging for responsible growth that respects and protects natural resources, ensuring a healthy and sustainable environment for future generations. Participants will discuss India's advancements in renewable energy, climate resilience, sustainability, and waste management, emphasizing the integration of economic growth with environmental management.

The Shaping Viksit Bharat 2047 conference will also feature an array of keynote addresses and panel discussions where thought leaders from academia, government, industry, and the social sector will share insights, best practices, and strategic recommendations for building a more inclusive and sustainable future. The event will also offer a platform for start-ups, researchers, and social entrepreneurs to present their cutting-edge solutions that address inclusivity, social impact, and environmental challenges, fostering a dynamic environment for collaboration and inspiration. Through this conference, IMS Ghaziabad aims to inspire participants to not only engage in discussion but to actively contribute toward creating a roadmap for a developed India grounded in equity, resilience, and sustainability.

- Influence of Indigenous Media in Narratives

Computational Intelligence & Data Science

- Deep Learning Perspectives
- Machine Learning and Data Science
- Artificial Intelligence and Expert Systems
- Pattern recognition and Language processing
- Mathematical, probabilistic and statistical models and theories
- Big data visualization, modeling and analytics

Science & Technology for Sustainable Development

- Nano-Biotechnology/ Environmental Biotechnology
- Computational Approaches and AI in Biotechnology
- Nutraceuticals and Food Security
- Medical Biotechnology/Microbiology
- Microbial and Agriculture Biotechnology
- Entrepreneurship and Innovation in Sciences
- Innovations for Sustainable Development
- Climate Change and adaptation Strategies
- Innovations in Vaccines and Immunotherapy

Submission Guidelines

All the full papers should have an abstract of around 250-300 words covering the following areas:

- a. Research problem
- b. Objectives of the study
- c. Research Methodology
- d. Findings of the study
- e. Conclusion
- f. Key Words

**Scan QR Code
to submit full paper/Abstract**

- Paper should be typed in A-4 format with 1.5 spacing left aligned, with one-and-a-half-page margin and typed in 12-point font (Times New Roman) in MS-Word (PDF would not be accepted). Presenting Author's name should be bold.
- Graphs or pictures should be in JPEG format or compatible with MS Office formats such as Excel or Word.
